# Safari Woody

## STYLISH AND FLEXIBLE

Our Safari Tent Woody is our most popular model and is based on a classic African safari tent with a robust wooden frame and canvas walls. And, while we can't promise your guests herds of Wildebeest or the occasional passing lion, we can promise they'll get a good night's sleep in a proper bed.

It is available in a range of sizes for groups of up to six people in multiple layouts. And, because it doesn't have guy ropes, there's more room around the outside of the tent - and nothing to trip over in the dark.

Because our production facility is flexible, we aren't limited to standard sizes so can create the perfect safari tent for your needs. Each can be expanded modularly, so if you run a holiday site, the Safari Tent Woody can be used for group accommodation or is perfect for use as a restaurant tent - just get in touch and tell us what you need and we can do the rest.
